Reunion of Our Soldier Boys

The people of Virginia will be presented with a captured German cannon during the annual reunion of the Eightieth Division, which will be held in Richmond the three days commencing September 4th, and the field piece will be placed in the Capitol Square. The presentation, which will be made by Governor Westmoreland Davis, will feature the memorial services to be held Sunday afternoon, September 5th, at the City Auditorium.

Veterans of the Blue Ridge Division from Virginia, West Virginia, Pennsylvania, and other States attending the reunion will devote practically all of Sunday in paying tribute to the memory of their comrades who fell in action while with the division, or who died with the command while in service.

Special services will be held in all Richmond churches on Sunday morning, and the veterans will attend those at the church of their choice. In the afternoon will come the big memorial service, which will be held in the City Auditorium and participated in by a number of prominent people. It will be during these services that the captured cannon will be presented to the people of Virginia, and unveiled by the sisters of two of the service men who lost their lives in action.

Reunion headquarters in Richmond have placed the order for badges to be presented to each veteran attending the convention. They are different from the old ribbon-type, and have space for the name of the individual, enabling easy recognition. After the reunion, the metal frame can be easily removed from around the bronze medal, leaving an attractive pocket-piece and souvenir of the occasion.

Arrangements for entertaining the veterans, including the receptions and balls to be given in their honor, have been practically completed by a group of Richmond women who were so active in entertaining and looking after the needs of the eightieth Division boys during the ten months that they were in training at Camp Lee.

Buckingham

The continued rains have again washed away the bridge at North river, which had just been put in place since the last freshet; and then, too, the bridge at Bremo has again been injured and traffic over the branch line impeded again. Slate and North rivers were higher at this point than they were two weeks ago.

Mr. Neil McKay, of Tunstall's, was a visitor in the home of Mr. W. W. Haskins the past week-end.

The death of Mrs. C. R. Rosen was not a surprise to those who knew her best. Mrs. Rosen was before her marriage a Miss Showalter, of Augusta county. She was 72 years old and was esteemed by all who knew her.

Rev. Stimson and family have returned from a visit to North Carolina, and while away had the misfortune to have their Ford car stolen in Winston-Salem.

A large number of crops of Irish potatoes remained in the ground and were damaged by the excessive wet weather.

The question is often asked if corn on lowlands that was twice covered with water in less than a month will ever make good merchantable corn. The state of the weather from now on will have a great deal to do with determining whether the corn can be used. I know of one farmer whose house is near his flat land and he is getting the wet corn out and feeding it to his stock.

Mr. Peyton Moss left here Sunday morning for Farmville on his way to North Carolina, where he expects to take charge of a school.

Maysville District School board was in session here on August 23rd and elected the following teachers: Principal Buckingham high school, Prof D. N. Davidson; first assistant in high school work, Miss Margaret Collier, other positions in Buckingham high school, Misses Nettie and Mabel Swoope, Miss Cora Wood; for teachers in rural schools, Miss Minnie Rogers, Misses Lizzie Stinson, Livie Spencer, Eddie Carter, and Kathleen Morgan. Maysville board of trustees voted for Misses Gillespie and Coleman at the Enonville school. This is a border school and the teachers are elected by three district boards as follows: Francisco, Curdsville and Maysville.

Mrs. E. M. Bondurant was painfully hurt by a fall down the cellar steps at her home last week and she was attended by Dr. P. E Tucker.

Mrs. Emma J Ragland, who has been so faithful in her attendance on Miss Mary E. Moss while she had fever, expects to leave for home of relatives near Gold Hill in the near future.

Primings are said to be starting at a price that will not pay for the labor expended in preparing them for market.

Circuit court opens here in regular session on September 14th.

There was no incoming mail here from Bremo or Wingina on Saturday.

Mr. J. M. Seward was here seeing after his property last week; he is located out West, where he is cultivating a rice crop. We lost a valuable public spirited man and a good citizen when he left here.

Mr. John Fitzpatrick, of Nelson County, was in this county not long ago looking after cattle for future delivery.

Evergreen

The sun is really shining and we hope the so called dog days are over.

Harvey's Gate and Evergreen crossed bats on Evergreen diamond Saturday afternoon, 12 innings being played to a score of 8 to 6 in favor of Evergreen. An error or two by Harvey's Gate shortstop gave Evergreen the game. Franklin did his best in the box and pitched a good game, but did not get the right support. Hurrah for Evergreen! She is on the right road to success. This is her first game.

Miss Madian Lee is visiting her sister, Mrs Aubrey Browning, in Richmond

Miss Sadie Saell, who has been visiting friends in Crewe, has returned to her home here.

Rev A. K. Lambdin is conducting a revival at Wesley Chapel this week.

Rev. A. J. Ponton, will assist Rev. Mr. Leps in a meeting here this week.

Miss Lucile Moses is visiting friends at Phenix this week.

Mrs J. R Conner has returned from a pleasant visit to her aunt, Mrs. J. J. Durrum, of Appomattox.

Miss Ida May Farrar, who has been at the bedside of her aunt, Mrs. Sam Farrar, of Tuggles, has returned to her home here. We are sorry to hear of Mrs Farrar's illness and hope she will soon be restored to health.

Miss Eunice Inge, of Roanoke, is the guest of Mrs J R. Conner this week.

Mr. Alban Staples, of Lynchburg, is visiting his home people here.

Cloverdale Farm, Lynchburg

Misses Mary and Ruby Harris, and Mr. Terry, of Lynchburg, were week end guests of Mr. and Mrs. R H. Snead, also Mr. and Mrs. James Leftwich and Mr. Russell Martin, of Forest. They all enjoyed the birthday dinner of Mrs. Snead and her son. Cake of many kinds, ice cream, fried chicken, vegetables and all kinds of fruits were plentiful. The day was spent in social chats and taking pictures. The party spent Saturday night and Sunday at Peaks of Otter, all had a grand time.

Crops are good in this vicinity, but suffering somewhat from the long wet spell.

R. F. Burke, county treasurer, appeared before the Board and made his annual settlement with the Board and returned canceled warrants, jury tickets and other proper vouchers paid by him since his last return of warrants, etc, aggregating $4746 99, and submitted his settlement sheets, showing a balance in his hands of $11,242.37 due to the county fund, which settlement sheet, being examined and found correct, the same is approved and ordered to be recorded, as required by law.

It appearing to the Board that O J. Webb, purchaser of the old county poor house farm, has not complied with the terms of the sale, or made a settlement as proposed to him by resolution of this Board at its meeting of July 14, the Commonwealth's Attorney is directed to at once take such legal proceeding against said O J. Webb as will enforce a compliance with the terms of said sale; and the Clerk of the Board is directed to forthwith transmit a copy of this order to the Commonwealth's Attorney for his attention.

At a called meeting of the Board held at Clerk's office August 23:

The Board met to make an inspection of the site and make some arrangements for crossing North's creek, the bridge across which was destroyed by the heavy rains on the night of August 19, and viewed the site of said bridge together with Mr. E lisor, the resident highway engineer of Lynchburg district, and made temporary arrangements for crossing said creek.

The accounts of F. A. O'Brien as land assessor and C W. Smith, assistant land assessor, were presented to the Board, and examined and approved and ordered certified to the Auditor for payment, as provided by law.

The Board then adjourned to meet in regular session on September 8.

Egg-Eating Snakes.

A queer African species of snake, which lives on eggs, has a toothlike spike projecting downward from its backbone, just behind the head, which is tipped with enamel. When it swallows an egg the latter passes down the gullet until it encounters the spike, which breaks the shell. Thus no part of the fluid contents is lost, as would be the case if the snake were obliged to bite the egg with its mouth-fangs

For Torpid Liver

"Black-Draught is, in my opinion, the best liver medicine on the market," states Mrs. R. H. Whiteside, of Keota, Okla. She continues: "I had a pain in my chest after eating—tight, uncomfortable feeling—and this was very disagreeable and brought on headache. I was constipated and knew it was indigestion and inactive liver. I began the use of Black-Draught, night and morning, and it sure is splendid and certainly gives relief."

Thedford's BLACK-DRAUGHT

For over seventy years this purely vegetable preparation has been found beneficial by thousands of persons suffering from effects of a torpid, or slow-acting liver. Indigestion, biliousness, colic, coated tongue, dizziness, constipation, bitter taste, sleeplessness, lack of energy, pain in back, puffiness under the eyes—any or all of these symptoms often indicate that there is something the matter with your liver. You can't be too careful about the medicine you take. Be sure that the name, "Thedford's Black-Draught," is on the package. At all druggists.

Alloy Stronger Than Steel.

An Italian engineer has discovered a new alloy of zinc and copper which is stronger than steel and less corrosive than copper, says the Scientific American. The most important characteristics of the new alloy, which has been named "Black Metal," are the highest known breaking point, the highest limit of elasticity, perfect homogeneity and higher resistance to both heating and chemical action. It has been stated that it can successfully be cast, machined, rolled, forged, drawn and stamped. It is expected that it will prove an acceptable substitute for steel, brass and aluminum.

Ground Ice.

A professional paper of the United States geological survey on the Canning river region, in northern Alaska, describes the occurrence of ground ice in that region and reviews the literature of ground ice in considerable detail. The author concludes that the two varieties of ground ice most common in northern Alaska are formed by the burial of river ice by sediments and by the growth in place of vertical ice wedges.

The Bank of Appomattox, Inc. ..... Plaintiff
against
Simon Nielsen and Marie Nielsen, Defendants

The object of this suit is to recover from the Defendants, Simon Nielsen and Marie Nielsen, the sum of $35.00, with int. from March 11, 1922, and protest fees of $1.00, due by them to the said Plaintiff, evidenced by note dated December 11, 1919, and payable March 11, 1920, and to subject to the payment of said debt by attachment, An estate for life of James Perry Harvey, in and to a tract of land containing 87 acres, more or less, situated about seven miles south of Appomattox C. H., in Appomattox County, on the public road leading from said Court House to Red House, and adjoining the lands of C. J. and P. A. Godsey and Others; and also a one-fourth undivided interest or share in fee simple in said above mentioned and described 87 acres of land, in the remainder after the termination of said life estate; also to subject any rents that may be due or coming due to said defendants from said land.

And an affidavit having been made and filed that the defendants Simon Nielsen and Marie Nielsen, are not residents of the State of Virginia, it is ordered that they do appear here within ten days after due publication hereof, and do what may be necessary to protect their interests in this suit.

And it is further ordered that a copy hereof be published once a week for four weeks in the Times-Virginian, a newspaper published in the County of Appomattox, and that a copy be posted at the front door of the Court House of this county on the 9th day of August, 1920, that being the next succeeding rule day after this order was entered.

A Bachelor's Prayer

Backward, turn backward, O Time, in your flight!
Give us a maiden with skirts not so tight;
Give us a girl whose charms, many or few,
Are not exposed by much peek a-boo.
Give us a maiden, no matter what age,
Who won't use the street for a vaudeville stage;
Give us a girl not so sharply in view;
Dress her in skirts that the sun won't shine through.
Then give us the dances of long gone by;
With plenty of clothes and steps not so high;
Oust turkey-trot capers and buttermilk glides,
The burdy-gurd twist and the wiggletail slide;
Then let us feast our tired optics once more
On a genuine woman as sweet as of yore.
Yes, Time, please turn backward and grant our request
For God's richest blessing—but not one undressed.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists. 75c.
